

# ENGLEWOOD

A woman with long brown hair, wearing a black top, is smiling and holding a young boy with short brown hair, also smiling. The boy is holding several paintbrushes. They are positioned in front of a large, vibrant abstract painting with green, yellow, and orange tones.

## TRADITIONAL ELEGANCE

Old-world elements and details abound in this elegant kitchen (facing page) designed by Glen Lumia of Creative Design Construction & Remodeling. They include double crown moldings, wrought iron pendant lights, turned table legs supporting the island counter extension and custom tile behind the range.
