Home remodeling workshop offers helpful tips

NORTHVALE — Creative Design & Construction Remodeling will host a Home Remodeling Workshop from 6 to 8 p.m. on Thursday, July 16 at the firm's showroom, 204 Livingston Street, Northvale. Homeowners are invited to hear from professionals about how to make their remodel or addition a success.

In addition to the interactive workshop, a light dinner will be served. Seating is limited and reservations will be taken for a donation of \$20 per household.

All monies will be donated to The Wounded Warrior Project, a national organization that aims to raise awareness of, and enlist the public's aid for, the needs of severely injured service men and women.

Homeowners planning to attend should call 201-768-5813 to reserve their seating or register online at www.CreativeDesignConstruction.com. An adult-only audience is suggested so that attendees can give the program their undivided attention.

"Many homeowners reflect after their remodel that they wish they'd known more prior to beginning the work," said Glen Lumia, President and CEO of Creative Design Construction. "We pride ourselves on educating our consumers from the beginning, so they are pleased with the results and know what to expect along the way."
